Optional Text Messaging 4-H Information Notification Form

We communicate our 4-H information in many ways, including newsletters, e-mail, and webpages. Many youth are now using text message as a way to communicate. Text messaging will be used as an option to notify 4-H members of any upcoming or ongoing events within our 4-H program throughout the year. We would ask that the parents/guardian complete this form and read the information carefully.

4-H Members Name _____
First Last
